

As a valued customer we would like to invite you to join our PowerPlus community. We know each company is unique when it comes to utilizing Dynamics 365, so we have developed a program to help facilitate discussions around solutions, challenges, and tips with other users and prospective members. PowerPlus is a one-of-a-kind way for your organization to connect with others and take your Dynamics 365 experience to the next level.

GOAL:

to create a community of expert CRM leaders in various industries.

WHAT IS POWERPLUS?

Continue to expand your knowledge and extend your networks with other CRM experts by joining this experienced Dynamics community.

• BUILDING NETWORKS

PowerPlus is a great way for Dynamics CRM users to connect with one another.

• PARTNERING FOR SUCCESS

We will get to know your organization and unique Dynamics 365 use case in order to find the right opportunities and events to extend your knowledge and help expand on your Dynamics journey.

• YOUR JOURNEY

PowerPlus members are often sought out for their feedback. Help us shape your experience - or shape your own!

• 50% OFF CRM UNIVERSITY OFFERINGS

We want to empower you to promote your knowledge around Dynamics 365. As a member of this community, you will receive 50% off all* CRM University trainings. *excluding custom training

• SHOW OFF

Showcase the work you have done with Dynamics 365 and PowerObjects. If interested, PowerPlus can facilitate this through testimonials, showcases & speaking opportunities.

HAVE QUESTIONS?

We will have the info you need regarding events, educational opportunities, and more. If you have any questions or would like more information about PowerPlus get in touch:

Having a resource, a sounding board, a partner to help us with first time processes and challenges we encounter is invaluable. The ability to pay it forward and help new companies who are where we were at a year ago through community sharing is incredibly rewarding. Understanding the flexibility, agility and possibilities available to us through a user community like PowerPlus is icing on the Microsoft Dynamics CRM cake. ”
